- Always check eligibility - Read the funding guidelines thoroughly. Funding bodies will throw out any applications that do not adhere to the guidelines.
- Check when your project is allowed to start in relation to the funding (e.g. The March Arts Vic round is for projects starting after July)
- Always aim to apply with at least two different funding bodies - spread the wealth
- The more stuff you can get for free/in kind - the better. Aim for 25% of your budget to be in kind.
- Call the funding body and talk to the staff, most of the time they can give you advice towards your application.
- Follow support material requirements.
- Ensure your expense and income equal the same on your application budget
- OurCommunity.com.au is a great source of information for funding.
- Try to apply for funding a year before its required.
